

PUFFING BILLY MEMBERS DEAL

Puffing Billy situated at Belgrave in the Dandenong Ranges east of Melbourne is one of Australia's most iconic old steam trains.

Puffing Billy and Rotary have a long association and The Emerald and District Rotary Club and Puffing Billy work together on many projects throughout the year.

Meg and I have both been volunteers at Puffing Billy Meg in the office and me out doing track work.

As a result of our involvement with Puffing Billy and the close association with Rotary I have been able to organise a fantastic deal **exclusive to Members of the Rotary Nomads.**

If you are travelling in Victoria and are in the area and would like to take a wonderful train journey through the Dandenong's from Belgrave to Gembrook and return then you can free of charge.

If you wish to take advantage of this deal you need to contact me several days in advance so that I can arrange for your travel.

Sue Ham who is in charge of volunteers at Puffing Billy has kindly agreed to allowing members of the Rotary Nomads this fantastic offer.

In return if you are in the area and can offer Sue some volunteer time this would be greatly accepted especially around May when the Great Train Race is on and up to 3000 runner compete to race Puffing Billy from Belgrave to Emerald Lake. Jobs like traffic marshalling cooking a BBQ at the Station are amongst the areas that the Railway always needs volunteers.

It is not mandatory to help out but it is a great way to thank the team at Puffing Billy for this great offer and opportunity.

As I said if you would like to take advantage of this great offer let me know and I will organise your travel and tickets. (Don't ring me the day before as you will be disappointed if you miss out.)

Warm Regards

Greg Fallon

Chairman Rotary Nomads
